21 Feb 1992

THE first of ROCC's 1992 long service award presentations saw chairman, Michael Aldrich, this time as an award recipient rather than in his more usual role as award presenter, personnel admin officer, Janet Fox and project director, Peter Swift receive recognition for their service.

Finance director, Derek Strath presented Aldrich with an engraved brass carriage clock in recognition of his 15 years service as a board director.

Aldrich then resumed his presenter role to recognise Fox for her 10 years service and she received a gold ballpoint and pencil and a bouquet of flowers.

Finally, Swift was congratulated by systems integration director, Norman Watling on his 15 years service and he received an engraved brass carriage clock. The award recipients were also given a special Long Service Certificate.

Pictured after the presentation are l to r: Peter Swift, personnel manager, John Martin, Michael Aldrich, Norman Watling, Janet Fox, and Derek Strath.
